### TO WHOM IT MAY CONCERN:

I wish to protest drilling under Lake Lewisville as I believe it may endanger my water quality and may lead to earthquakes in my neighborhood as has been shown by the new and frequent earthquakes in areas surrounding the Dallas-Fort Worth area in the recent past wherein fracking has been taking place. I note the following to support my protest:

Rita Beving, of the Clean Water Fund, said her group looked at all Texas properties listed in the upcoming sale. She wants mitigating factors to protect

water contamination if not managed correctly," Reed said.

I understand this office will forward my protest to the appropriate director.

Very truly yours,
